- Experience with JavaScript (2+ years);
- Solid experience with SQL and NoSql databases;
- Experience with RESTful applications;
- Experience with web application security;
- Experience with scalable web-services;
- Experience with TDD;
- Experience with Nginx;
- Good understanding of GIT;
- Good understanding of Linux environment;
- Good understanding of server, network and hosting environment proficiency;
- Good understanding of web standards.

RESPONSIBILITIES

- Adjust internal systems with new functionalities according to their specification;
- Communicate with the team for reporting working status, troubleshooting and personal concerns;
- Participation in making software architectural decisions;
- Keep the codebase clean and tidy;
- Write and update technical documentation of the implemented features and functionalities;
- Know latest codebase changes;
- Build efficient, testable, and reusable code;
- Solve complex performance problems and architectural challenges;
- Improve system security;
- Reliably report regarding obstacles and problems.
- Experience in building intuitive GUI;
- Automation and data scraping experience is a big plus;
- Good understanding of design patterns;
- Good understanding of data structures;
- Experience with machine learning;
- Experience with deep learning;
- Experience with artificial intelligence;
- Experience with OCR.

WE EXPECT YOU TO

- Be creative, open-minded and a team player;
- Be proactive when you see problems and their solutions;
- Strive to learn new things;
- Be ready for a drink with the team
- Be able to meet deadlines and give accurate time estimations.

WHATS IN IT FOR YOU

- Fun and dynamic team;
- Excellent remuneration package and work-life balance;
- Food vouchers;
- Yearly bonus scheme;
- “Bring a friend” bonus model;

- Awesome class A office in the central district;
- Multisport Card.

If you think that you have what it takes to be a Senior Python Developer, please send your application to Metodi Rusinov at: mrusinov@i-covereurope.com

Notice: by submitting your application for this position, you acknowledge that in the event you have been selected to work for iCOVER, we shall be entitled to perform an appropriate background investigation by verifying the information presented in your application, specifically but without limitation, verification of prior employment and verification of education. You further acknowledge that such verification is required due to the specificities of iCOVER's scope of business and our internal security policies and rules. The lawful provision, collection and processing of your personal data is necessary for the purposes of the legitimate interests pursued by iCOVER and the provided data will be processed in strict accordance with the applicable personal data protection legislation.
